

Mental Health: *Why the Stigma?*

**UC Irvine
Child Development School**

**Friday, May 18, 2018
8:30 to 10:30 a.m.**

Building 8
UC Irvine Child Development School
19262 Jamboree Road
Irvine, CA 92612

Why the stigma when it comes to mental health?

We invite parents, educators and professionals in the mental health field to join us in discussing mental illnesses that are stigmatized and how we can bring awareness to educate others about mental illness during Mental Health Awareness Month (May).

Discussion will be lead by Chelsea O'Haire, PsyD, and Patricia Ramsey, MA, LMFT, community health managers of the UC Irvine Child Development School.

O'Haire is a UCI Health licensed clinical psychologist who specializes in treating children and adolescents with autism, attention-deficit/hyperactivity disorder (ADHD) and other developmental disabilities and neurodevelopmental disorders.

Ramsey is a Licensed Marriage Family Therapist who has been working therapeutically with children, adolescence, and their families in Orange County and Los Angeles for over 10 years.
